

Circle of Stewardship (Project Resource)

Circle of Stewardship is our adaptation of **Project Resource**, which was initiated by the College of Bishops in 2014. For more information, see <http://www.collegeforbishops.org/project-resource-home>

Circle of Stewardship provides free local teaching and web-based instruction notes with model documents to all churches so that no mission will go underfunded because a church does not know how to raise money or grow her membership.

Circle of Stewardship places in the hands of every parish, the skills, training and resources to boldly raise money and grow their membership for mission.

The goal of Circle of Stewardship training is to help a congregation's members leverage and increase their pledges, major and planned gifts through:

- Managed, strategic communications
- Managed membership invitation programs
- Encouragement to invest in mission
- Meaningful, Crafted conversations
- Case brochures
- Special events

Circle of Stewardship training is done in collaboration with our Diocesan Stewardship Commission, chaired by Tammy Pallot. We offer trainings twice a year. In 2018, our trainings are scheduled for **May 5, 2018 and July 28, 2018.**
